**DENIED THAT CARRANZA CONFISCATED RAILWAY**

Statement Made Here Says Government Is Operating Lines for Best Interests of Shareholders.

**NEW OFFICERS TO BE CHOSEN**

The first complete statement regarding the reported confiscation of the properties of the National Railways of Mexico by Gen. Carranza was made here yesterday in a quarter which enjoys the full confidence of Gen. Carranza, particularly with regard to questions concerning the Mexican National Railways.

It is denied most positively that there has been any confiscation, and asserted, on the contrary, that what has been done is and will be for the best interests of the stockholders of the road and those holding its securities. The statement, in part, is as follows:

"The truth of the matter is that the Mexican government owns about 51 per cent of the controlling interest in the National Railways, a corporation chartered by the Mexican Congress.

"The roads have long been in the hands of the Cientificos, who have mismanaged the roads and have substituted those of their own choice. Having made these appointments, the new officials a few days ago took possession of the offices of the National Railways and proceeded to operate the lines in keeping with what was believed to be for the best interests of all concerned whatsoever, and it is the purpose of the new government to restore the property to the corporation, which takes place on October 1 next, at which time a new board of directors will be named.

In constitutionalist circles, particular resentment is expressed against E. N. Brown, in whose hands the management of the road has been vested for a considerable period. It is asserted that henceforth the road is to be kept clear of the element which it is said Mr. Brown represents.

**WOULD BRING WEALTH HERE**

C. C. of Committee Named to Investigate Methods.

George T. Worthington has been appointed chairman of the committee from the Chamber of Commerce to investigate methods of bringing to Washington the wealth that formerly went to Europe with rich Americans.

Mrs. Jane S. Miller, who placed the proposition before the chamber at a recent special meeting, has a plan to bring this about.

The committee from the Chamber of Commerce will look into the feasibility of the plan and report. Besides Mr. Worthington the committee includes B. B. Eameshaw, Claude Miller, J. B. Henderson, and W. J. Kehoe.

**ATTORNEY ATTEMPTS TO RECOVER ALLEGED FEE**

William F. Columbus Sues Joseph C. Sheehy, Claiming His Share of \$5,000 Had Been Withheld.

Attorney Joseph C. Sheehy, former president of the District excise board, is defendant in a suit filed yesterday in the District Supreme Court by Attorney William F. Columbus, also of the District bar.

The allegations that the defendant collected one-half of a fee of \$5,000 paid by Dennis J. McCarthy to have his liquor license transferred to the ground floor of the Evans Building and that he refused to pay him his share are the basis of the suit. According to the papers filed in court, the two attorneys were promised, in a written agreement, signed by McCarthy, \$5,000 for having the license transferred.

Columbus says the saloonkeeper gave them a \$500 retainer and promised them \$500 more if they were successful. The application for transfer came up before the board on June 8, and four days later it was granted. Columbus says he repeatedly demanded the \$5,000 of McCarthy, but that he was put off from time to time. Finally, he says, he learned that McCarthy had given a deed of trust upon his license and fixtures for \$5,000, and that McCarthy subsequently informed him he had paid Sheehy \$2,500 out of this fund.

On August 29 Columbus says he demanded his share of Sheehy and was refused. Attorney L. A. Bailey represents Mr. Columbus.

Mr. Sheehy resigned from the Excise Board before this transaction took place, to resume private practice. The alleged agreement between him and Columbus on one side and McCarthy on the other was executed on last May, and a copy of it was filed with the suit.

**PLANNING NEW REFORMATORY.**

Daily conferences regarding estimates of the new municipal hospital and the new District reformatory are being held by the Board of Charities and the superintendent of the various institutions under its supervision. The estimates probably will be submitted to the Commissioners this week.

The plans for the reformatory are being prepared by a commission consisting of Commissioner Harding, Justice Wendell P. Stafford, of the District Supreme Court, and John Joy Edson, president of the Board of Charities.

**IN THE DISTRICT COURTS.**

John A. Davidson sued the Albert Wolfson Marble and Granite Company, and the Stone Mountain Granite Corporation in the District Supreme Court yesterday for \$25,000, alleged to be due on commission upon sales and for extra. Attorneys Lambert and Yeaman represent the plaintiff.

Scott E. Somerville sued David I. Offutt for \$50,000, alleging negligence in maintaining an open trench at 1848 Scott place northwest, into which the plaintiff says he fell, hurting himself. Attorney Charles V. Imley appears for the plaintiff.

**RACINE BANK CLOSES DOORS.**

Racine, Wis., Sept. 17.—The Commercial Savings Bank closed its doors here today. The cause is said to have been due to heavy withdrawals and the inability to realize on securities.

The bank has a capital stock of \$500,000 and a surplus of \$200,000. The deposits are about \$250,000.

**WEATHER CONDITIONS.**

Washington, D. C., Sept. 17, 1914—8 p. m.

For the District of Columbia, Saturday, and Maryland—Partly cloudy Friday. Sunday, fair; moderate north winds.

For Virginia—Cloudy Friday. Saturday, fair; moderate east winds.

The southern storm passed inland during Wednesday night and Thursday night its center was over Alabama. This disturbance has diminished greatly in intensity, but during the last twenty-four hours it caused general showers in the fourth and fifth districts, and during Wednesday night it caused steady rain on the south Atlantic coast. Another disturbance is central of the north coast and it is expected to be followed by unsettled weather and rain in Washington and Oregon. In other parts of the country the weather remained generally fair.

Temperatures have not changed decidedly in any local section and are now slightly above the normal seasonally.

With the exception of showers in the South Atlantic and East Districts, and far Northwest, the weather will be generally fair without material change in temperature in practically all parts of the country during the next forty-eight hours.

Storm warnings are displayed on the northern California coast.

The winds along the north Atlantic coast will be moderate variable; on the middle Atlantic coast moderate variable, mostly east; on the south Atlantic coast moderate east and southeast; on the Gulf coast moderate variable; on the Great Lakes moderate variable.
